EXPERIENCE

aspace, Inc., *Co-Founder/CEO*   Oct. 2015 | Present
Seattle, WA

- Building an app/sensor infra. that uses live data to connect commuters to cheap, remote parking spots, using last-mile transit to get to destination.
- Y Combinator 2018 Startup School (YC SS18)

srnd.org (StudentRND), *Code Evangelist®*   May 2016 | Present
U.S.A.

- A StudentRND Code Evangelist® goes out into the world to spread a love of code with StudentRND, a non-profit getting students excited and involved in Computer Science. Code Evangelists are Day-Of coordinators, assisting with various event logistics at it's events and by MCing and individually interacting with students during SRND's events, like CodeDay.

University of Washington Housing & Food Services, *Resident Advisor (RA)*
Sep. 2017 | Mar. 2018
Seattle, WA

- Resident Advisors (RAs) work in the University of Washington residence halls to establish a cohesive and responsible community in their designated area, model and support issues related to diversity, facilitate the holistic development of residents through programming, promote resident involvement, and refer, advise, and support residents as they deal with academic and personal issues.

Metrix:Create Space, *Lead Intern*   Feb. 2016 | Sep. 2016
Seattle, WA

- Manage and maintain hacker space
- Repaired and refurbished professional/industrial-grade machinery
- Assisted with completion of customer orders
